

STRATEGY FOR INCORPORATING SUSTAINABILITY RISKS IN INVESTMENT DECISION-MAKING PROCESSES AT PARTNER BANK AG

In order to determine and weight the most important sustainability impacts, Partner Bank AG will take into account the reporting of issuers on non-financial risks, also including third-party analyses.

With regard to the content, methods and presentation of sustainability indicators for adverse aspects, Partner Bank AG will follow the publications of the relevant regulatory authorities.

Partner Bank AG will incorporate ESG issues into its investment analysis and decision-making processes.

Partner Bank will drive the acceptance and implementation of the principles as far as possible in the investment industry.

Partner Bank AG's remuneration policy is consistent with the inclusion of sustainability risks.
